PSG POLYTECHNIC COLLEGE

ABOUT THE INSTITUTION

PSG Polytechnic College, established in the year 1939, a pioneer institute in the field of Technical Education and Research Government aided, ISO 9001 certified institution with Autonomous status from 1976. This aids it to have a flexible curriculum and updated syllabi. The Polytechnic College has the best laboratories with free access to the students and prepares them with the latest method of learning industrial practices.

The industry attachment programme, compulsory for all courses provides the students with intensive industrial exposure. The college is located in the same campus as the PSG Industrial Institute. One unique feature at PSG Polytechnic College is the close collaboration of educational institutions and industries, resulting in the cross fertilization of theory with practice.

CANADA INDIA INSTITUTIONAL CO-OPERATION PROJECT

The Canada-India Institutional Co-Operation Project (CIICP) is a Human Resource Development project initiated during the year 1991 through a Memorandum of Understanding signed between the Government of India and the Government of Canada. The project was initially financed by the Canadian International Development agency. The overall project strategies were evolved by the association of Canadian Community Colleges and the Ministry of Human Resource Development, Government of India. The project was handled by Canadian experts and the CIICP activities were implemented in 8 Polytechnic colleges in Tamil Nadu under phase I & II. In March 1999, the Canadians handed over the project to the Indian counter parts to sustain and

to replicate the initiatives in our state.
