ABOUT THE COURSE

This saree box pleating workshop is a 2 days course designed to provide participants with the essential skills and techniques required to create beautifully pleated sarees. This workshop covers various aspects of box pleating, including measuring and marking fabric, folding techniques, and securing pleats in place. Participants will learn how to achieve precise and uniform pleats, ensuring a professional finish to their sarees. The course also includes demonstrations and hands-on practice sessions to help participants master the art of box pleating. The workshop is suitable for beginners as well as experienced individuals looking to enhance their pleating skills. Upon completion of the workshop, participants will have the knowledge and confidence to pre pleat and drape sarees professionally. Join us for this enriching workshop and elevate your saree draping skills to a new level of sophistication.
